## SECURITY SUMMIT

On behalf of the Government Business Executive Forum, welcome to America's Finest City and the EDGE24 Security Summit (EDGE).

EDGE attendance is deliberately mission-diverse and executive level. You are one of 350 senior security leaders representing over 30 different government agencies, departments, and jurisdictions, and more than 130 different critical infrastructure and tech innovators companies.

Every EDGE attendee is a participant, and every participant will have many opportunities to share their experiences and substantively connect. The GBEF believes these connections are important and building them is the organization's purpose. Take advantage of the integrated agenda of plenary sessions, interactive Executive Roundtables, and a range of activities.

Ours is a troubled and digital world, driven by powerful technologies that carry the promise of both great opportunity and great risk. EDGE is about the risk. It is about security threats. It is about strategies to mitigate these. And most important, it is about building trusted relationships among mission and security leaders whose work supports the economic and national security interests of the United States and its partner nations.

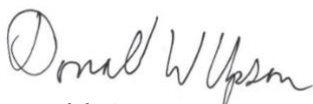

You are one of these leaders, and we are proud to welcome you to EDGE. And thank you for Being Part of Something Bigger!

Adam S. Lee  
VP & Chief Security Officer, Dominion Energy  
Co-Chair, EDGE Security Summit

Jeffrey Sallet  
Crisis Management Leader, Ernst & Young LLP  
Co-Chair, EDGE Security Summit

Donald W. Upson  
Chairman & Founder, GBEF

Laura Hudson  
President, GBEF

Dr. Barry C. West  
Program Chair, GBEF & EDGE
